

Effective today (August 12, 2008) watering restrictions will change to the following:

Even numbered addresses may water lawns on Monday and Thursday of the week.

Odd numbered addresses may water lawns on Tuesday and Friday of the week.

Optimum watering time is midnight until 6am.

All other outdoor watering is back to normal.

We appreciate our citizen's cooperation during this time of water restrictions. We hope to loosen them even further as our second new well is being prepared to bring on line.
